2. **No of Years of Experience** : Relevant Experience of 20 plus years. Experience of heading businesses in multiple industries like Power Infrastructure/ Distribution, Telecom Infrastructure, Chemicals, Healthcare, Automobiles, Roads/ Hydro Infrastructure. I have been leading businesses and projects for past many years and have excellent experience in handling green-field projects along-with commercial aspects of a going concern. In the green-field projects implementations, I have managed various stake-holders and statutory approval processes including contracts management, Pollution certifications, Environment approval processes, Excise/ Sales Tax approvals and registrations, High Tension Power connection approvals and infrastructure laying, land acquisition, architectural design, construction, arbitrations, Factory approvals etc. In the going concern power infra projects, I have coordinated with the DISCOMs, State Power Ministry and Power Secretariats.
3. **Academic Qualifications of IP** - Bachelor of Engineering (IIT Roorkee) + PGDM(IIM Lucknow). I am an Engineer from IIT Roorkee and an MBA from IIM Lucknow (IIT+ IIM) with 20 years of experience in running organisations with in-depth experience in multiple industries like Power Distribution, Telecom Infra, Chemicals, Healthcare, Automobiles and Construction Equipment. Accomplished P & L responsibilities as CEO, People leadership, Operations Management, Finance/ Accounts, New Project Management, Corporate legal/ commercial aspects, Creditor relations, M&A aspects of running business and new business establishments.
4. **Experience of Rehabilitation of Companies and/ or other relevant Experience** - During my experiences as corporate leader, I have also implemented green field projects with end to end responsibilities of Project Management, Statutory compliances, constituted Internal audits, handled legal matters for the organisation including customer payment defaults/ disputes/ Asset recovery while appointing and coordinating with professionals like lawyers/ auditors. I have a very strong network of professionals in relevant fields and could fast organise resources in a very efficient and effective manner. I very well understand the nitty-gritty of day to day operations in a business environment along-with the Companies Act and the IBC and can utilise these to ensure the best solution.

One of the main objectives of the IBC is to run the company under insolvency process as a going concern. With the requisite moratorium during the insolvency process period, my experience would be very useful in achieving the desired results. The objective of the IBC 2016 in terms of time bound resolution, maximisation of value of assets, promote entrepreneurship, availability of credit and balancing interests of all the stakeholders could be well achieved with my strengths and experience.

I have personal experience in managing operations in the Power Infrastructure , Telecom Infra, Automobile, Healthcare, Chemicals industries. Additionally, I am strongly networked in the business community and can mobilise resources in the legal, company secretarial and Finance/ Accounts areas. I have worked on turn-around of companies and have lead various company managements on the litigations and arbitration fronts. I have

a strong wherewithal for appointing lawyers, valuers, industry experts, accountants and other experts as and when required. I am technology savvy and can organise and implement needed resources as and when required.

5. **Experience of Acting on behalf of banks/ financial institutions in related matters** : I am empaneled with a few Banks. I well understand the roles of various regulators in the IP industry and can bring much efficiency in the whole IP process when through a planned approach and practical experience with the corporates.
6. **Experience as IRP/ RP** : I have completed two assignments as IRP (Infrastructure industry and SME manufacturing). Continuing as RP in one of the above two cases.
